August 2008

Lincoln Valley Golf Course Member

Memberships are the life-blood of every golf course and Lincoln Valley is no exception. However, the fluctuations in membership numbers from year to year make it hard to consistently rely on them to fully fund the golf course. For this reason, we must pursue other forms of revenue. Several weeks ago, Newton Manufacturing Company, a leading promotional products distributor, presented us with a business proposal that would provide an added revenue stream.

Newton's concept is simple: buy your promotional products, with your logo and ad copy, from Lincoln Valley Golf Course. Lincoln Valley will become an independent contractor representing Newton and will earn a commission on everything we sell. We will have full access to Newton's support, products, and service at no cost. Newton will also provide a web site to access these promotional products, ideas and ordering instructions, along with Lincoln Valley pro shop merchandise.

While we plan to build a successful partnership with Newton Manufacturing by utilizing their resources, participation and referrals from members will be key in the success of this program. When you realize the benefits, it becomes a simple task. The money you and your business associates already spend on promotional products will go to Lincoln Valley instead of a salesman's pocket. The added income will relieve pressure on members and donors to increase their contributions to keep the golf course open.

Newton Manufacturing recognizes the importance of Lincoln Valley Golf Course to our community and feels this program will provide much needed financial assistance. However, we won't be able to do it without you. If you have any questions please contact...

Sincerely,

Lincoln Valley Board of Directors

## Refer a Customer! Receive a Free Shirt!

- 1) Refer a customer
- 2) They place an order
- 3) You Receive a Free Shirt (Your choice of available colors and sizes)
- 4) Offer good on first order only
